

CALL FOR PAPERS:
IVR WORLD CONGRESS 2024, Seoul, South Korea 7-12 JULY 2024
SPECIAL WORKSHOP ON AESTHETICS OF LAW AS A BRANCH OF
PHILOSOPHY OF LAW

Scholars, researchers, and practitioners interested in the **aesthetics of law** are **invited to submit abstracts for presentation at the Special Workshop of the IVR World Congress in Seoul**. This workshop provides a unique platform to explore the field of aesthetics of law following Gustav Radbruch's idea presented in a short chapter - titled "Ästhetik des Rechts" – of his famous book "Rechtsphilosophie" (1932).

The workshop will be devoted to the presentation of results in searching for the fifth branch of the philosophy of law – apart from the ontology of law, epistemology of law, logic and legal ethics – but it will also be dedicated to continuing our joint search for further solutions and examples together with participants.

We invite researchers interested in the visual dimensions of law, as well as legal rhetoricians.

Submissions of abstracts (300-500 words) addressing issues relevant to the aesthetics of law are welcome. Please send the proposals to the following email address:

paula.chmielowska@phdstud.ug.edu.pl

Important Dates:

- Abstract Submission Deadline: **31 March 2024**
- Notification of Acceptance: **15 April 2024**

After the conference, selected papers may be considered for publication in a thematic volume or a special issue of a reputable legal journal.
